

## Mission Statement

### **Mission-critical Security - Nationwide Intelligent, Strategic, National Security Solutions**

The Protector Group is a strategic security resource that delivers 100% **confidence** through significant **investment**, powerful **innovation** and comprehensive **accreditation**.

#### **Confidence**

**Everything we do is underpinned by meticulous attention to detail, careful planning, foresight, significant experience and truly joined-up thinking.**

We work closely with our clients to create smart, measurable security strategies that ensure optimum project outcomes.

We have worked in partnership with clients on many diverse, complex and sensitive projects. Our people have the kind of adaptive experience that is difficult to find in other companies and are actively protecting the UK's Critical National Infrastructure.

#### **Innovation**

**We combine powerful, tried and tested, real-world services with the latest innovations. We embrace new technology and build it into every project and specialize in 'Green' carbon friendly technology.**

Innovation drives cost-efficiency for our clients, provides new and unique ways of surveillance and securing sites. Digital innovation allows the detail of every security project to be measured and managed.

#### **Investment**

**We invest in our people. They are trained to understand the importance of every task, in every location UK wide.**

We bring over 25 years' of experience to bear on everything we do. Our provision is specific, strategic and powered by innovation and investment in new technology.

Nothing is done before thorough professional examination and assessment. That way we make no assumptions, and nothing is left to chance.

#### **Accreditation**

**We pride ourselves on fulfilling all the key accreditations for our industry. Our aim is always to go above and beyond.**

We invest significantly in maintaining every set of standards across all our services – to ensure complete confidence in our work.

In order to achieve our desired objectives we have in place systems that totally uphold and support those aims and our Accreditations and Subscriptions include:

- SIA (ACS) Approved Contractor and Pacesetter
- SSAIB Member
- ISO 9001:2015 (Quality Management System)
- ISO 14001:2015 (Environmental Management System)
- ISO 45001:2018 (Health & Safety Management System)
- BSC Members (British Safety Council)
- NSI Nacoss Gold
- NSI ARC Gold
- Cyber Essentials
- Safecontractor
- Supply Chain School of Sustainability member (Silver)
